

MATHÉO LAPIERRE

< Web Designer/Developer />

< Profile />

I am Mathéo Lapierre, a student in computer science and design, and I hope to soon acquire my dream job : developer.

I value teamwork, efficiency and persistence.

// 01. EDUCATION

► Multimedia and Internet Careers Bachelor's Degree (MMI)

< University Clermont Auvergne | Since Sept. 2025 />

Specializing in web development, integration, UX/UI design, and multimedia programming. Learning modern web architectures.

► Supplementary Training in Digital Technologies

< TUMO Lyon Organization | 2024 - 2025 />

One-year course focused on digital creation, programming logic, and 3D modeling.

► Technical High School Diploma

< Specializing in Information and Digital Systems | Graduated with Honors | 2025 />

Introduction to networks, databases, information architectures.

► Cambridge English Certification

< European Level B2+ Certified | 2023 />

Ability to document code, read technical documentation, and communicate in an English-speaking professional environment.

// 02. EXPERIENCE

► Creation and Integration of Web Platforms

< Academic Projects | 2025 - 2026 />

- Development of smooth, high-performing, 100% responsive websites that are mobile-friendly thanks to mastery of CSS and HTML.
- Awareness of digital accessibility standards (RGAA) and SEO optimization.
- Guarantee of clean, semantic, and easily maintainable code structure, especially in my HTML, CSS, PHP, and JS code.
- Using generative AI tools as code assistants to boost productivity.
- Using WordPress to create my latest website, which was done as a team for the branding of a new brand.

► Host (Banking Sector)

< Summer Job | 2024 />

Welcoming customers, managing the flow, helping with the machines, and handling basic operations.
